# Ohio Caverns

For about an hour, the kids learned and explored the white crystal formations and learned about the local geology and the cavern environment.

The top two kids from each center that have put in the most hours doing neighborhood clean-up, summer reading and summer tutoring will go on a trip of their choice before school starts. In the past these places have included Kings Island, Cedar Point, Zoombezi Bay, The Columbus Zoo and Get Air Trampoline Park. The race is close, and some kids are only separated by a few minutes. The activities will run up until Friday, August 13<sup>th</sup> and then the winners will be announced.

The homework help program will begin at the Chippewa and Russells Point Centers on Wednesday, August 18<sup>th</sup>. The program will be offered at Chippewa Monday through Friday from 3:30 – 5:30 pm. The Russells Point Center at Galilee will offer assistance on Monday and Wednesday evenings from 6:00 – 7:30 pm.
